From:

Charles Openchowski/DC/USEPA/US

To:

Peter Ludzia/R3/USEPA/US

sure, no problem -- Table 6-9 with the two footnotes about material falling into the bottom of the boring hole is on page 197 of the RI report pdf file, table 6-11 starts on page 199, the similar footnotes for that table are on p. 202. The narrative part I read is on page 97 of the RI report (second full paragraph), which is page 109 of the pdf file. Please feel free to call if you'd like to talk about it some more -- thanks

From:

Charles Openchowski/DC/USEPA/US

To:

Larry Rourke/DC/USEPA/US

hi Larry, nothing urgent, but I am trying to confirm what I've heard from two people that Region 7 and OSWER briefed the Administrator on the West lake landfill site near St. Louis in late January. I know John was invited to the briefing Region 7 folks did for Mathy Stanislaus on January 25th in the mid-morning, I'm guessing that if the Administrator was briefed it would have been shortly after that (not a separate trip for the Regional folks). Could you try to confirm that, and also see if anyone from our front office was invited/attended? thanks

Invitation: West Lake recommendations discussion

Tue 05/01/2012 11:00 AM - 2:00 PM

Attendance is required for Charles Openchowski

Chair:

Amy Legare/DC/USEPA/US

Rooms:

S-4621/OSRTI Potomac Yard South@EPA

Amy Legare has invited you to a meeting. You have not yet responded.

Required:

Andy Zownir/ERT/R2/USEPA/US@EPA, Cami Grandinetti/R10/USEPA/US@EPA, Charles Openchowski/DC/USEPA/US@EPA, David Bartenfelder/DC/USEPA/US@EPA, Doug Ammon/DC/USEPA/US@EPA, John Frisco/R2/USEPA/US@EPA, Michael

Description

This is a call/meeting of those who drafted the recommendations, not the entire Board, and Doug Ammon. Doug has thoughts on modifications to the recommendations that I thought it best to discuss together.

conference line: 866-299-3188 conference code: 7033470124 그러워 그는 바람들은 전문을 열심히 열심했다면 그는 생물에 작가하다는 것 같아요요?

Fw: West Lake - waste characterization Charles Openchowski to: John Michaud

05/14/2012 01:49 PM

From:

Charles Openchowski/DC/USEPA/US

To:

John Michaud/DC/USEPA/US

hi John, if you have a few minutes this afternoon after 4, or late morning tomorrow, could we talk about this? thanks

From: To: Charles Openchowski/DC/USEPA/US John Frisco/R2/USEPA/US@EPA

yes, it's perfect — also I worked on something last night, along the lines we talked about (maybe a tiny bit shorter but more focused), am putting some finishing touches on it now, will send it to you in a bit and will call late morning or noonish if you're there, otherwise will keep trying — thanks, John!

hi John, here's a shorter version (470 words, Amy's was 492) that incorporates your substantive comments and tries to get the focus back on the three main issues. I tried to minimize quotes etc, but kept some quotes and specifics in since 1) Region asked for specificity at the meeting 2) Amy and Doug want to "bullet proof" this so I think we need to anchor recommendations in actual things in the record. I think this is polite but firm, see what you think, I'll call you after my next meeting (around noon) -- thanks

Re: Westlake

Hi Charles - no recommendations memo was ever issued. It has been on my To Do list. I need to convert it to a technical discussion document because Cecilia and Jim OK'd switching our meeting from a full review to a consultation.

I was going to work on Gowanus today but since the region is closed I'm tackling West Lake. I've just started the reformat so the document still reads like recommendations.

Let's try this again -- I accidentally hit the send button prematurely. As I started to say, I'll be away next week and will miss the pre-review call and wanted to offer a few thoughts in preparation for the actual review. To begin with, there is a lot of information on the website -- I've only gotten through a portion of it so far and am basing my comments on what I have seen. Given the volume of material, it's important that the board have good understanding of the site and what's gone on there over the years which I hope can be accomplished via a webinar vs a face-to-face meeting (which might have been preferable in this case).

Thanks.

West Lake Landfill draft 5a.docx

OK — I took another shot at the memo and rewrote the waste characterization comment. I think its more direct and concise now and hopefully reads or flows better. I also took the liberty to make a number of cleanup edits (non-substantive) through the entire memo (to hopefully make your life easier). Please review and make sure I did not miss anything. And I noted it draft 5a to differentiate it from draft 5.

To:

OSWER OSRTI RRB

Bookmark the link below! We will be using this for our next review so set up your login before the last minute.

You received a link to documents for West Lake Landfill. I consider these documents to be reference materials and not the review package. A review package is still to come. I am working with Region 7 to set a date for a web conference or add West Lake to the meeting in Chicago on March 13 or 14.

I will finalize our schedule as soon as I can.

New NRRB Website

Hi Amy,

Can you please forward this email the NRRB. It provides the new web conference internet link and instructions to sign in.

Thanks.

Provided below is the link for the NRRB web conference internet site. This site will replace the older version of Adobe Connect that we've been using to date. Please bookmark this site.

https://epa.connectsolutions.com/nrrb

Every EPA employee should have an account with Adobe Connect.

To Login:

- 1. Type your EPA email into the "Login" field.
- 2. Click on "Forgot your password?"
- 3. Type in your EPA email address.
- 4. Adobe Connect should send you a password for your account. Click on the link provided in the email.
- 5. Following the instructions to reset your password.
- *Please note that your password does not sync with Lotus Notes or your LAN account, so you must remember this password.
- 6. Once you've set your password, close the Adobe Connect webpage and re-click the link provided

above.

7. Use your email address and selected password to sign in and click "ok"

In terms of participant use, this program works exactly like the previous version.

Thanks,

Christine Poore Superfund Site Assessment and Remedy Decision Branch 703-603-9022
